Sir:

An Information Disclosure Statement (IDS) with Form PTO-1449 was filed in the above-captioned patent application on August 23, 2004. The IDS submitted a copy of Japan 2000-32205 and an English-language Abstract. However, the PTO-1449 contained a typographical error to identify the reference. Applicant is attaching a corrected PTO-1449 along with the Japanese reference and English Abstract. Since applicant previously submitted this reference, the Patent Office is requested to initial the PTO-1449 to acknowledge the fact that the Examiner has considered the cited disclosed information.

The Examiner is requested to initial, and return to the undersigned, a copy of the subject Form PTO-1449. For the convenience of the Examiner, a copy of that form and the reference is attached along with the date-stamped postcard.

Should there be any questions concerning this communication, please telephone the undersigned at the telephone number set forth below.

Respectfully submitted,
